NORTHERN SPAIN

Wine tourism & gastronomy

Gastronomy in the north of Spain is one the best in the world; we have some of the most renowned restaurants in the country and some of the most distinguished wine regions; so gastronomy and wine are great excuses to visit the area.

Wine tourism is not only visiting wineries, it is enjoying a place, its traditions, culture, landscape. We run the tourism department of different wineries so we can organise any kind of event or activity in them.

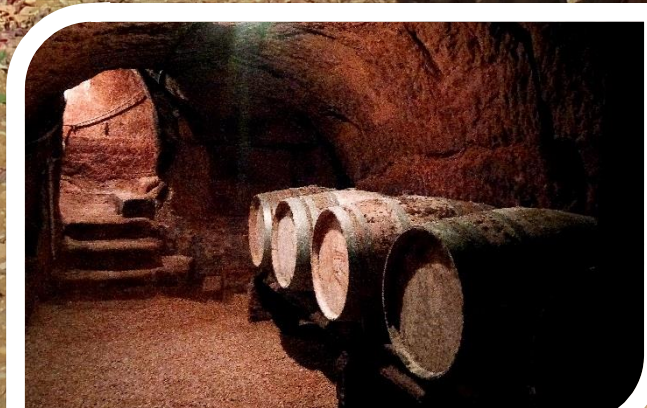

You will pair wine with food, music or even the stars. play "masterchef" in a vineyard or even produce your own wine.

"Pintxos" in the Basque Country, tapas in some other regions; Michelin Star Restaurants, showcooking, as well as food trucks events on the coast.

Picnic and barbecues, Yoga in between vineyards, gastronomic festivals, and of course, visits to wineries; but only to those ones that have something to tell.

Not only wine, but olive oil, ham, beer and other typical products in the area.

Shores and Rivers in Northern Spain

Our northern beaches are famous because of their beauty, weather conditions and perfect waves to practice any water sport. We do also offer you kayaking and boattrips in rivers.

We own sailboats and yachts that allow us to propose both **boat trips and ocean races**. An ocean race is a competition in which captains teach their teams how to manage a boat. A real but not extreme competition to test your skills.

Kayaking in the sea or in a river or even **“Swimming with sharks in the sea”**. **Underwater diving** to enjoy the seafloor, **swimming with dolphins and practising “coastering” in the cliffs**.

Surfing, windsurfing, kitesurfing, flyboarding, waterskiing, coastering and every activity you can imagine.

Let us organise your events on the beach or riverbanks; a combination of sport and gastronomy, music and good spirits, sun and landscapes, sunrises or sunsets.

Wine & Sea. A unique project in the Atlantic Ocean

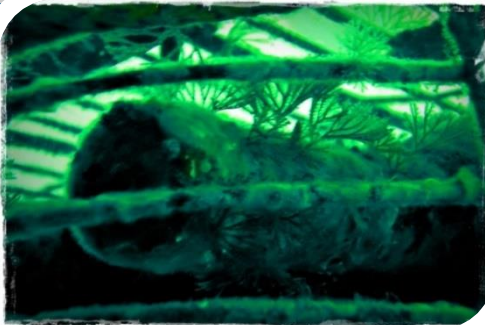

This project is related to the story of some old retired pirates that living in the wine regions of northern Spain decided to start an amazing trip to The East. They took all their bottles of wine with them, but unfortunately some of them fell into the sea. And now we do wonder... what happened to this wine? If we found it, would it be still suitable for drinking?

The experience of Wine & Sea will take you 3, 4 or 7 days, the time to discover all the best things in the Basque Country, Rioja and Ribera del Duero. An unforgettable trip around these regions and coastlines.

Sail, dive or walk all over the cliffs to find the bottles that remain aging on the Basque shores; there, you will love their landscapes, gastronomy, "pintxos", any of the extraordinary adventures around the Basque tradition.

Visit our wineries in Rioja and taste our unique wines or if you dare try our "Escape Room" in a cellar, along with many more fascinating things to discover.

A superb visit to our winery in Ribera del Duero, with its local traditions, and for sure taste its delicious "roast Lamb".
