# Exclusive experiences in Spain

Spain is full of contrasts. North and South are very different, so are East and West. Different landscapes, traditions, culture, activities. Much more than just sun and beach.

You will take part in different activities: San Fermin's fiestas (with the running of the bulls), Easter week in Seville, the "Battle of Wine" in Rioja or "La Tomatina" in Valencia.

Be part of a "Castellet", fish tuna with the Almadraba technique", dress as a "blusa" in Vitoria or dance flamenco in Andalusia.

You will learn the secrets of the most famous Spanish chefs in inspiring masterclasses or enjoy gastronomy in incredible venues like castles, manor houses, wine caves...

Abseil down the highest cascade in Spain, pair wine, history and landscapes in an "off road" vehicle; or play "Jai Alai", a sort of "Basque hand ball game".

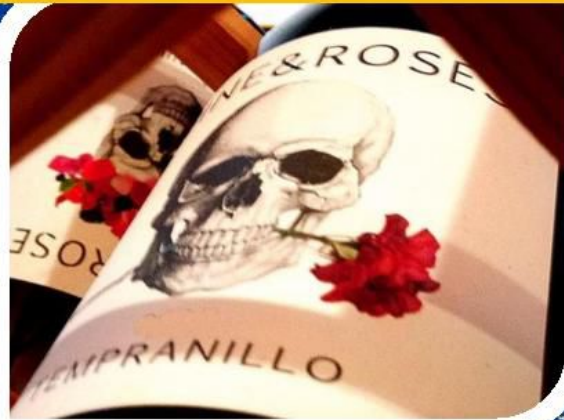

Walk to Santiago (following the Way of Saint James), harvest grapes in a vineyard, visit wineries and even make your own wine or beer.

# Wine & Sea. A unique project

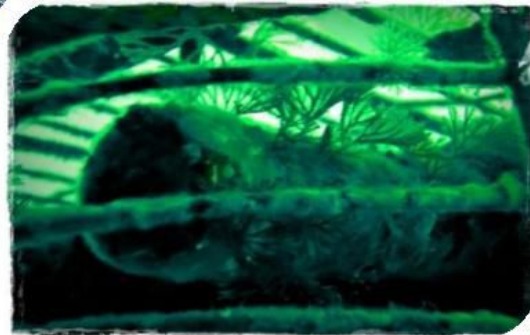

This project is related to the story of some old retired pirates that living in wine regions decided to start an amazing trip to The East. They took all their bottles of wine with them, but unfortunately some of them fell into the sea. And now we do wonder... what happened to this wine? if we found it, Would it be still suitable for drinking?

The experience of Wine & Sea will take you 3, 4 or 7 days, the time to discover all the best things in the Basque Country, Rioja and Ribera del Duero. An unforgettable trip around these regions and coastlines.

Sail, dive or walk all over the cliffs to find the bottles that remain aging in the Basque shores; there, you will love the landscapes, gastronomy, pintxos, any of the extraordinary adventures around the Basque tradition.

Visit our wineries in Rioja and taste our unique wines or if you dare, try our "escape room" in a cellar, and many more fascinating things to discover.

These locations, that are very well connected to Madrid and Bilbao, will make a difference to you.

A superb visit to our winery in Ribera del Duero, enjoy its local traditions, and for sure taste their typical and delicious "Roast Lamb".

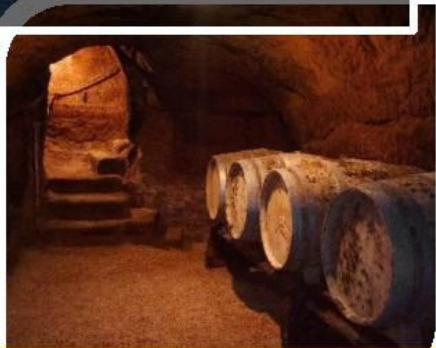

# SPECIALLY IN THE BASQUE COUNTRY & RIOJA

The Basque Country (Euskadi) is located in northern Spain. **Renowned worldwide for its cuisine and unique traditions.** The Basque Country offers a huge diversity of habits and cultural experiences, very well reflected all over its geography.

For us, Rioja is the most beautiful wine territory in Spain and for that reason we run different wineries that allow us to organise any kind of event there.

The **Guggenheim Museum** in Bilbao, **"La Concha"** beach in San Sebastián, **Vitoria's Cathedral**, the Salt Valley in Añana, the **Suspension Bridge** in Bizkaia, the **Flysch**; the «**pintxos**», **Michelin star restaurants**, **Txakolí** and wine from **Rioja Alavesa**... Exceptional landscapes that combine **sea and mountains**, tradition and modern times.

There we organize gymkhanas, workshops and exhibitions related to **Pelota Vasca** (Jai Alai), **rural sports** (Herri Kirolak), "**Txalaparta**" and "**Trikitrixa**" (musical instruments), typical regional dances, gastronomy, "**pintxos**" and all those things which characterizes this region.

Our bestselling activities are: **gymkhanas** (different types), **off-road tours**, ocean boat trips, exhibitions of local traditions, tours around La Rioja area, **unique events in wineries**, and **our escape**

room in a cellar.

# SPECIALLY IN ANDALUSÍA

Warm weather, beaches, flamenco, prosciutto, olive oil, sherry wine... are some of the most representative things of Andalusia. "El Rocío", the Carnival in Cadiz, Easter and the April Fair in Seville or the fair in Malaga are some of the area's most famous festivals. These are an example of our best selling activities

We organise different flamenco activities, tailor-made for you: shows where the audience can participate and dance, rhythm workshops, **having "tapas" in the famous "tabancos" in Jerez...** combining them with wine tasting in a cellar and ham cutter events, etc.

Talking about horses in Andalusia is the same as talking about art. You will visit the stables where these beautiful animals are bred and trained, you will enjoy the show for sure. A real and **authentic Andalusian festival.**

**Visiting "El Rocío" is worthwhile.** It is a genuine village where time has stopped. There are not traffic lights or roads; just more horses than cars. An outstanding landscape.

The **"Almadraba"** is one of the most amazing and traditional fishing techniques in Spain. You will take part in the activities of fishing tuna on one of these boats. Even help fishermen to assemble the nets to catch the fish.

The **"despesque"** is a unique tradition in Europe, carried out only in the province of Cádiz. A fishing method introduced here by the Romans in the first century, and known as "pesca en estero" (fishing in salt flats), here you will have the chance to take part in it as well.

# Wine tourism & gastronomy

Spanish gastronomy is one of the best in the world; there are almost 75 wine regions; Spain is the biggest olive oil producer in the world... So gastronomy is the best excuse to visit Spain.

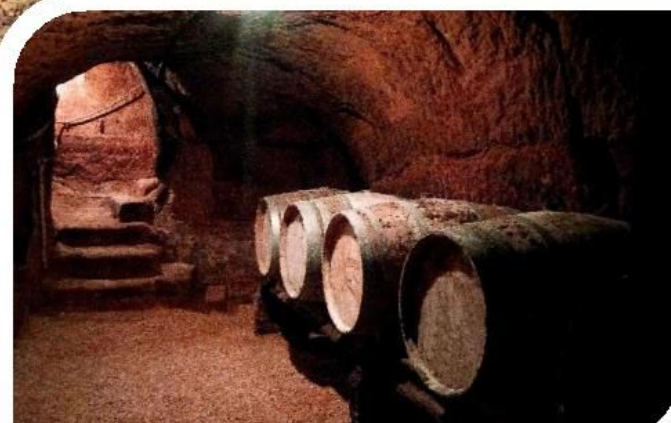

Wine tourism is not only visiting wineries, it is enjoying a place, its traditions, culture and landscape. We run the tourism department of different wineries so we can organise any kind of event or activity in them.

Picnics and barbecues, Yoga in vineyards, gastronomic festivals, and of course, visits to wineries; but only to those ones that have something to tell.

You will pair wine with food, music or even the stars. You will play "masterchef" in a vineyard or even produce your own wine.

"Pintxos" in the Basque Country, "tapas" in Madrid, Andalusia or Barcelona; Michelin Star Restaurants and showcooking, as well as food trucks events on the coast.

Not only wine but olive oil, ham, beer and lots of typical Spanish products.

# Spanish Coast and Rivers

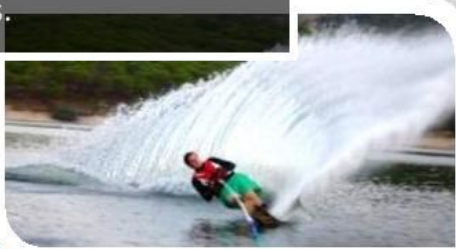

Spanish beaches are famous because of their excellent weather conditions, perfect waves to practise any water sports, activities in rivers like: Kayaking and boattrips too.

We own sailboats and yachts that allow us to offer both boattrips and ocean races. An ocean race is a competition in which captains teach their teams how to manage a boat. A real but not extreme competition to test your skills.

Kayaking in the sea or in a river or even playing **"Basket Kayak"**, a basket match but in the water, rowing kayaks using the paddles like arms and baskets as your goal. A funny game that depends of course on the weather conditions.

Underwater diving to enjoy the seafloor, swimming with dolphins and practising **"coastering"** in the cliffs.

Surfing, windsurfing, kitesurfing, flyboarding, waterskiing, coastering and every activity you can imagine.

Let us organise your event on the beach, a combination of sport and gastronomy; music and good spirits; sun and landscapes; sunrises or sunsets.

# NATURE IN SPAIN

**Spanish landscapes are really amazing.** Mountains, valleys, vineyards, olive trees... Depending on the region you will certainly enjoy awesome experiences.

**Orientation gymkhanas specially designed for you:** a challenge in which participants, divided into smaller teams, will have to follow the hints to discover the final destination. Before getting each hint the team will have to pass a test.

**Teambuilding activities,** and different challenges created according to the interests and characteristics of the participants, as well as the weather conditions and the size of the group.

**Spectacular tours in off-road vehicles.** Combining roads, mountains and culture.

Strolls, bikes, Segways, quad tours, Via ferratas, photography tours, workshops, caving, airsoft, paintball, karts, archery, **rock climbing and death slides**

**Balloon and helicopter flights,** paragliding and parachuting.
